

PRRA Staff Daily Update – Wednesday 13 May 2020

Hi everyone – Hope all is well in your bubble!

Tomorrow New Zealand moves into Alert Level 2. This will be the last of the Agency's daily staff updates. Moving forward we will produce a weekly staff update starting on Friday 22 May 2020. The weekly updates will include operational information and also updates relating to COVID-19. Thank you for your active participation in the daily quiz and for sending in suggestions on the content of your updates.

New Alert Level 2 advice for people at risk of COVID-19

More advice is available for people at risk of severe illness from COVID-19.

Some people with underlying medical conditions and people over 70 are more at risk of severe illness from COVID-19.

At Alert Level 2, there is more freedom to move around and reconnect with close family, whānau and friends. If you are an at-risk person, you'll need to take extra precautions when doing this.

Things you can do to stay safe:

- Reconnect with smaller groups of close family, whānau and friends.
- Try not to interact with too many people outside of your own social circle as it won't be easy to do contact tracing if necessary.
- Keep a 2 metre distance from people you don't know in public places and take extra care with hygiene practices.
- Avoid touching surfaces and wash your hands before and after you leave home.
- Wipe keys, handrails and regularly touched surfaces.
- Avoid passing around your mobile phone to other people.

There is more detailed guidance available for people who are at higher risk of COVID-19 at Alert Level 2. This guidance includes advice on shopping, work, socialising, travel and recreation:
