#### Mental health campaign launched

The Getting Through Together campaign shares ways that New Zealanders can cope with the stress of COVID-19.

Getting through together has tips and advice on how to get through and stay connected, and to support everyone's wellbeing.

It also includes tools for parents, dubbed Sparklers at Home, to talk with their primary-school-aged children about their mental health and wellbeing.

The resource has been developed by All Right? in partnership with the Canterbury DHB and the Mental Health Foundation.
